# ABOUT US

Company Profile

Jiayin Nuoxin (Shenzhen) Technology Co., Ltd. was established in 2008. It is a modern enterprise integrating design and development, manufacturing and product sales.

The factory is located in Xinwei Town, Huiyang District, Huizhou City,
covering an area of 6,700 square meters. It has a complete product R&D team, mold manufacturing, injection molding, production lines, quality inspection and other departments. The main business is mainly R&D, production and sales of independent products, and also undertakes OEM or ODM projects such as product R&D, mold manufacturing, two-color and two-material injection molding and product assembly.

With rich experience in OEM and ODM production and processing cooperation, It has maintained cooperation with well-known European and American brands such as Altec Lansing and Belkin for many years, and has provided them with high-quality products and services, which have won unanimous praise.

As an export trade enterprise, upholding the belief of win-win cooperation, excellence and continuous innovation, the company has successively passed the ISO 9001 quality management system and SMETA certification, and has a number of product innovation patents. The products have repeatedly obtained the certification of China Electronics Industry Association and the high-tech product certificate of Guangdong Province. On the road of development, we will continue to provide customers with high-quality products and services.

Core Customer
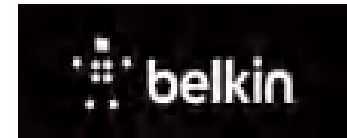

Advantages and Scale

Certificate

Advantages

We have IOS9001 and SMETA certifification.

More than 20 products have been patented.

The factory covers an area of 6170 square meters.

The factory has a complete production organizational structure system.

Have a strong technical team of 10 ID, IE and mold optimization senior engineers and designers to optimize from appearance to product structure.

Product Certification

Corporate Culture

Since its establishment, the company has been adhering to the dedication and perseverance of the entrepreneurial spirit. In the field of mold and injection molding, we insist on high-efficiency and high-quality manufacturing, and have won the favor of excellent and well-known enterprises at home and abroad.

In the future, we will establish a century-old enterprise with a sustainable management attitude and continue to provide customers with diversified product design, manufacturing and production integration services. Adhere to the goal of "layout the whole country and serve the world", and strive to become the technology leader in China's consumer electronics and injection molding industries.

Excellent service	Pioneering spirit	Focus on customer needs	Pursue higher quality
Sincere	Simplify Lean	Keep improving in craftsmanship	Better management system

Our Services

Integrated Solution of Mold, Injection

Molding and Surface Treatment

Mold manufacturing
Mold from R&D to manufacturing, one-stop service.

Precision in injection
High precision in producing equipment, excellent production technology.

optimize design
Our engineering department will involve in design, in order to reduce customer's design fee

Surface treatment
Assort with plastic cover

Logistics warehouse
Store together with home-reliever service

Material recycle
The material will collect and recycle

KAYI NOW

Production and Manufacturing

High-precisionBi-color Two-materialInjectionMolding.

Automatic Assemble Workshop.

Engaged in the assembly and production of multi-functional emergency products, wireless speakers, reading pens,and other 3C electronic products.

Set project research and development, ID design, mold manufacturing, Bi-color two-material mold evelopment and production.

Quality Guarantee

Jiayin Nuoxin has a complete quality assurance system.The company has obtained ISO9001:2015 quality management system certification and SMETA certification.Quality prevention runs through product quality, delivery time,costand service,as well as supply chain quality development,design quality prevention, production process quality assurance,shipment quality assurance and other links. Establish a comprehensive quality control system,and incorporate quality data and status into the ERP system for unified management.

Our Products

DF-585
Multifunction Camping Lantern

*14W bluetooth Speaker
*AM/FM Radio
*5000 mAH Power Bank
*SOS Alarm
*Led Torch/Reading Lamp
*Solar Panel/Hand Crank/USB Charging
*IPX6 Waterproof

DF-585D
Camping Lantern with DAB+

*14W bluetooth Speaker
*DAB/FM Radio
*5000 mAH Power Bank
*SOS Alarm
*Led Torch/Reading Lamp
*Solar Panel/Hand Crank/USB Charging
*IPX6 Waterproof

DF-585W
Lantern with WB/NOAA

*14W bluetooth Speaker
*AM/FM/WB/NOAA Radio
*5000 mAH Power Bank
*SOS Alarm
*Led Torch/Reading Lamp
*Solar Panel/Hand Crank/USB Charging
*IPX6 Waterproof
